SUMMARY

Front-end developer with a strong foundation in web technologies including HTML, CSS, JavaScript, and ReactJS, Proficient in using Bootstrap and Tailwind to create modern, simple interfaces. Strong understanding of core Java and SQL, providing additional support for backend processes and data management. Completed the Full Stack Web Development course, further enhancing the technical skills of frontend development. Adept at cooperation in fast-paced environments and committed to continuing to improve my skills through hands-on learning. Eager to support a dynamic development team, focused on delivering efficient, scalable, and impactful web solutions aligned with business goals.

EXPERIENCE

July-24-Dec-24 **Full-Stack Web Development Intern**

Gained hands-on experience at Besant Technologies by building responsive and dynamic user interfaces using HTML, CSS, JavaScript, and React, while also developing a foundational understanding of backend technologies like Java and SQL to support full-stack projects.

PROJECT

React **QuizSnap** **https://quizsnap.vercel.app/**

An MCQ quiz platform developed using React, highlighting my front-end development skills. It features user authentication, quiz management, interactive quizzes with results, and an intuitive user interface, enhancing functionality and user experience.

React **Personal Portfolio** **https://portfolio-psi-opal-58.vercel.app/**

I developed a personal portfolio to showcase my skills, and projects, as a front-end developer. The portfolio is built using HTML, CSS, JavaScript, and React, and is fully responsive. It includes my other projects.

React **Skillhub** **https://skillhub-iota.vercel.app/**

Developed a web application using React, HTML, and CSS to enhance understanding of frontend development, React concepts, and local storage.

SKILLS

Languages

HTML, CSS, JavaScript, Tailwind CSS, Bootstrap, React, Redux, Core Java, SQL.

Software

Windows OS, GitHub, SQL, VS code, Eclipse, Excel, Word.

CERTIFICATION

2024 **Full-Stack Web Development**

Completed a full-stack web development course at Besant Technologies, focusing on Java and SQL for backend development and foundational frontend skills using HTML, CSS, JavaScript, and React. This training laid the groundwork for my current focus on React and frontend development.
